Dear Families,

Household Support Fund - Grant

We are in the process of applying for some money from the Household Support Fund which is funded by the Department for Work and Pensions. This grant is intended to support vulnerable people and families with significantly rising living costs.

We know that family incomes can fluctuate and that families can find their circumstances have changed quickly. This grant is designed to provide crisis support to households in most need of support to help with daily food and energy costs.

Please follow this link to a form which will ask you for some further information if you feel that your household needs financial support. Can I ask that this is returned no later than Wednesday 12th February.

<https://forms.office.com/e/UuY4sKeWHa>

Please be assured that we will treat any information provided with empathy, understanding and in the strictest confidence.

Yours sincerely,

Mrs Liz Blythe
Family Wellbeing Officer

Headteacher: Mr Rik Robinson
